MD. REZAUL HAQUE

IT & NETWORKING PROFESSIONAL

Bangladesh | 01836799834 | rezaul.haque.pro@gmail.com
Portfolio: https://rezaulhaquepro-gif.github.io/

PROFESSIONAL SUMMARY

IT and networking professional experienced in end-user support, network troubleshooting, MikroTik routers, PC and printer support, IP/HD CCTV systems, computer labs, smart classroom technology, fingerprint attendance devices, and VoIP. Provides technical support across office and educational sites, helping maintain reliable day-to-day IT operations.

CORE TECHNICAL SKILLS

- Network connectivity troubleshooting; TCP/IP, IP addressing, DHCP, DNS, routing and switching fundamentals.
- MikroTik routers and WinBox; switches and network devices.
- IP and HD CCTV surveillance, camera planning, installation support, and maintenance.
- PC hardware/software troubleshooting, Windows operating systems, applications, and end-user support.
- Printer support, computer labs, classroom technology, smartboards, fingerprint devices, and VoIP.

PROFESSIONAL EXPERIENCE

IT & Networking Executive | As-Sunnah Foundation | 1 March 2026 – Present

- Provide day-to-day IT and network support for colleagues across the Foundation and sister-concern sites.
- Troubleshoot PCs, printers, connectivity, network devices, operating systems, and related technical issues.
- Support MikroTik routers, IP/HD CCTV systems, smart classroom devices, fingerprint attendance devices, and VoIP services.
- Travel between offices and campuses when assigned to provide technical service and support.

Jr. Executive | As-Sunnah Foundation | 7 October 2024 – 28 February 2026

- Supported routine operational and technical tasks and assisted colleagues with day-to-day requirements.

Machine & Data Entry Operator | Checkpoint Systems Bangladesh Limited | 15 October 2018 – 25 May 2024

- Performed machine-operation and data-entry tasks with attention to accuracy, workflow, and established procedures.

Quality Check | Walton Hi-Tech Industries Limited | 2 January 2016 – 30 November 2017

- Carried out quality-checking tasks and followed established quality requirements.

EDUCATION

Bachelor of Arts (B.A.) — Ongoing | Bangladesh Open University (BOU)

Higher Secondary Certificate (HSC) | Sujat Ali Honours College | 2016 | GPA: 3.08

Secondary School Certificate (SSC) | Pingna High School | 2014 | GPA: 4.08

TRAINING & COURSEWORK

- **CCNA 200-301 Network Fundamentals coursework — SkillUp by Simplilearn:** completed online coursework; not a Cisco CCNA certification.
- **Networking Basics — Cisco Networking Academy:** course completed; certificate issued 4 October 2026.
- **Small Business Management Course — As-Sunnah Skill Development Institute:** completed 1 June–5 October 2024; course included AI Automation, MS Office Applications, Graphic Design, Practical English, Video Editing, Practical Accounting, Fundamental Islamic Knowledge, and Meta Marketing.
- **Computer Operations, Hardware and Applications:** practical training through the three-month residential programme at As-Sunnah Skill Development Institute.

SELECTED IT INFRASTRUCTURE SUPPORT

- **As-Sunnah Foundation Head Office — Aftabnagar, Dhaka:** support for 150+ PCs, network and printer troubleshooting, and 70+ IP CCTV surveillance planning/installation support.
- **As-Sunnah Skill Development Institute — Shatarkul Campus:** support for two dedicated 25-PC labs, 30+ trainer PCs, 11+ classroom PCs, 11+ Optoma/Newline smartboards, printers, networking, fingerprint device, and VoIP.
- **Madrashatus Sunnah — Shatarkul Branch (Prime):** PC support across a five-floor building, 20+ classroom smartboards, 150+ IP CCTV surveillance planning/installation/maintenance, two fingerprint devices, and VoIP.
- **As-Sunnah Masjid Complex — Sunvalley:** support for 22+ HD cameras and 7+ IP cameras, additional IP-camera planning, maintenance, and branch fingerprint devices.

PROFESSIONAL STRENGTHS

- Methodical troubleshooting and service support.
- Accurate record handling and following procedures.
- Team collaboration, adaptability, and continuous learning.

CAREER OBJECTIVE

To grow in IT support and networking, strengthen network administration skills, and contribute to reliable IT operations across professional environments.
