MD. REZAUL HAQUE

IT & NETWORKING PROFESSIONAL

Phone: 01836799834 | Email: rezaul.haque.pro@gmail.com
Portfolio: https://rezaulhaquepro-gif.github.io/

PROFESSIONAL SUMMARY

IT and networking professional with hands-on experience supporting end-user computers, network connectivity, printers, CCTV systems and classroom technology. Earlier manufacturing roles include operating the CL 523 machine for data encoding and inspecting refrigerator doors for quality defects. Focused on reliable IT operations, accurate records, practical troubleshooting and continuous learning.

TECHNICAL SKILLS

- IT operations, end-user support, hardware/software troubleshooting
- Network support and troubleshooting; IP addressing, DHCP, DNS, routing and switching concepts
- MikroTik RouterOS and Winbox; Windows operating systems
- CCTV surveillance systems; printer, computer-lab and classroom technology support
- CL 523 machine operation and data encoding; data accuracy and record handling
- Quality inspection, defect identification, workplace safety and standard procedures

PROFESSIONAL EXPERIENCE

IT & Networking Executive | As-Sunnah Foundation — 1 March 2026–Present

- Support day-to-day IT operations, end-user computers, printers and network infrastructure.
- Assist with connectivity checks, hardware/software troubleshooting, CCTV systems and related technology across facilities.

Jr. Executive | As-Sunnah Foundation — 7 October 2024–28 February 2026

- Supported routine operational and technical tasks in line with organizational procedures.
- Promoted to IT & Networking Executive in March 2026.

Machine & Data Entry Operator | Checkpoint Systems Bangladesh Limited — 15 October 2018–25 May 2024

- Operated the CL 523 machine for data encoding in accordance with established procedures.
- Entered and checked operational data with attention to accuracy, record handling, quality and safety requirements.

Quality Check | Walton Hi-Tech Industries Limited — 2 January 2016–30 November 2017

- Inspected refrigerator doors for visible defects and quality issues.
- Identified and reported items requiring attention and followed applicable quality and safety procedures.

ACHIEVEMENTS & PROFESSIONAL DEVELOPMENT

- **As-Sunnah Foundation Head Office:** Supported IT operations serving 160+ PCs, including hardware/software support, networking, printers and CCTV infrastructure.
- **As-Sunnah Skill Development Institute — Shatarkul Campus:** Supported two 25-PC labs, 30+ trainers' PCs, 11+ classroom PCs, 11+ Optoma/Newline smartboards, printers, networking, fingerprint attendance and VoIP.
- **As-Sunnah Skill Development Institute — Kazibari Campus:** Supported IT and network troubleshooting across 16+ labs and 700+ PCs.
- **As-Sunnah Masjid Complex — Sunvalley:** Supported CCTV infrastructure comprising 22+ HD cameras and 7+ IP cameras, including related installation and maintenance.
- **Madrashatus Sunnah — Prime Branch:** Supported classroom technology, PCs and IT infrastructure; contributed to installation work involving 95 CCTV cameras.

EDUCATION

Bachelor of Arts (B.A.) — Ongoing | Bangladesh Open University (BOU)

Higher Secondary Certificate (HSC) | Sujat Ali Honours College | 2016 | GPA: 3.08

Secondary School Certificate (SSC) | Pingna High School | 2014 | GPA: 4.08

TRAINING & COURSEWORK

- Cisco Networking Academy — Networking Basics, completed.

- SkillUp — CCNA coursework completed; coursework only, not an official CCNA certification.
- As-Sunnah Skill Development Institute — three-month residential training in Computer Operations, Computer Hardware, Computer Applications and AI Automation.
